

AMHRR REQUIRED DOCUMENTS

The Required Documents List represents currently active forms and documents required for filing in the AMHRR. A document properly filed in the AMHRR based on previous requirements is considered to be permanently filed and cannot be removed unless it meets the criteria listed in AR 600-8-104, para 3-7. However, the ORC has the authority to rename already filed documents at their discretion.

ADVERSE SUMMARY	ADVERSE SUMMARY	Inquiry/ Investigation Approval Date	N	<p>Title 10 outlines the requirement for adverse summaries and is the written mandate for the adverse summary requirement. IPERMS is the only a means to get the document prepared for viewing by a board. The rationale for uploading an adverse summary into IPERMS serves only to facilitate or assist in the process of auto-populating the adverse summary into the My Board File application once it opens. The document would be solely for the use of the selection board, and would not be part of their permanent AMHRR.</p> <p>This document is for HQDA only.</p> <p>If you have an adverse summary in your IPERMS record please email usarmy.knox.hrc.mbx.tagd-opsa@army.mil for additional information.</p>

AFCT RETEST RESULTS	ARMED FORCES CLASSIFICATION RETEST RESULTS (AFCT)	Date of memo (top Right)	N	<p>This requirement is aligned to AR 621-5.</p> <p>The Armed Forces Classification Test (AFCT) composite score calculations are calculated by summing the products of the subtest standard scores multiplied by varying weights and then subtracting a constant, and therefore require a scoring program to properly derive them. Only the GT aptitude still has its composite score derived by looking up the sum of the subtest standard scores (SSS) in a conversion table.</p> <p>Additionally, the 1997 norms for the AFCT was mandated by DAPE-MPA Memorandum, 26 Jan 04, subject: Implementation of Upgraded Youth Population Norms for the Armed Services Vocational Aptitude Battery (ASVAB). This requires the calculated scores to be converted from the 1980 norms that the composite weights yield to the 1997 norms.</p> <p>Send requests for score calculations to usarmy.knox.hrc.mbx.tagd-army-personnel-testing@mail.mil. Scoring documents must be produced by the test center and signed by the test center officer.</p> <p>For additional information, please go to https:// armyuniversity.edu/ ACCESS/ 1040.</p>
