- All NSLDS Sheets are required to be submitted as one attachment/document. The following slides talk through saving the documents as PDF files. At the end, they will need to be combined in numerical order into one document. If you cannot do this, please print files rather than save as PDF. You will then need to scan all of the files into one document. Please ensure to keep the documents in order. Failure to do so will result in the payment request to be returned.

- The first pages will be the aid summary that list all of the loans. From there, you will go in order of the loans from the aid summary and provide the loan detail sheet and loan history sheet for each loan.

Example:

Main loan summary page(s)

Loan 1 detail sheet

Loan 1 history sheet

Loan 2 detail sheet

Loan 2 history sheet

- The loan detail and history sheets do not have number on them. You must pay careful attention to keep files in order. You may write the loan numbers on the documents to assist in keeping them in numerical order.

- The DD form 2475 must be signed with ink or CAC. A PDF signature is not authorized and will result in payment request being returned.
